

Middlewich Wartime Weekend 21-22-23 September 2012

New attraction-

The Lytham St. Annes Spitfire is a Mark VB Spitfire W3644 which was shot down by a FW190 whilst on escort duty during a bombing mission of Morlaix, France.

It was rebuilt for transport/display at suitable events, to raise funds for a new Fighter and Bomber Command Memorial which will be placed in Lytham St Annes.

The aircraft will be delivered/assembled/displayed on Civic Way car park for the duration of the event. 2 crew members from the project will be on hand to answer questions and pose for photographs with the aircraft.
